

THE BIRMAN CAT CLUB SHOW 1ST November 2008 Probationer Judge Mrs J V Green
THE TWENTY-FIFTH CHAMPIONSHIP SHOW

I would like to thank Val and Heather for inviting me to judge at this special Celebration show. It was a pleasure to have such a lovely selection of Birman Kittens and Adults to judge. I would also like to thank Theresa Groves for your great company and handling the Birmans expertly, which made the day go smoothly.

RED OR CREAM POINT BIRMAN KITTEN FEMALE.

1st Mlynek & Hayward's MLYWARD HONEY POT (13C7) F 17/5/08 Cream Point
A very attractive cream kitten just 5 months 2 weeks old, skull strong and broad, nose medium in length, with slight dip in profile. Pink nose leather, Cheeks full and round tapering to a well developed muzzle. Level bite neat cream ears medium in size and spaced apart. Excellent blue eyes almost round but not bold. Body long, well boned, and of good substance for age. Thick-set limbs and strong paws Tail bushy and proportion to the body. Excellent grooming, giving the coat medium length a soft silky texture, ruff developing around the neck, slightly curled stomach. Eyes bright, good temperament. Mask, ears, legs and tail cream. Complimenting the body, off-white with just a faint golden hue, Front paws white very low across the gloves in an even line. On scrutiny, the back white socks cover the entire paw and gauntlets just tapering up the back of the leg to finish just below the point of the hock. Just loved a cuddle.

2nd Brown's DALTEEMA STARDUST SARMOYAH TOPAZ (13c7)F 29/05/08 Cream Point.

Another lovely cream kitten just 5 months, Skull, strong broad and rounded, Nose medium in length, with a slight dip in profile. Cheeks full and round tapering to a well developed muzzle. Nose leather pink Ears, medium in size and spaced well apart. Expressive blue eyes almost round but not bold Legs of medium length and thick-set, paws short and strong. Bushy tail and proportion to the body. Excellent coat preparation, Very good ruff developing around the neck, slightly curled stomach. Good cream colour to all her points, Showing her body off-white with a slight golden hue. The front white paws are low across the gloves in an even line, and the back of the front paw a white line trailing up to the dew claw, but does not go past the dew claw. The pure white socks covering the entire paw and gauntlets match, tapering up the back of the leg to finish just below the point of the hock. Excellent temperament, lovely to handle.

RED OR CREAM POINT BIRMAN KITTEN MALE

1st Welch's KLASSYKLOGS KLARETT (13c5) M 5/4/08

A very strong Red Point kitten of 6months and 3 weeks old of good Birman Type. Skull strong, broad and rounded. Nose, medium in length, with a slight dip in profile, Nose leather, pink. Cheeks full and round tapering to a strong, well developed muzzle. Level bite. Ears, medium in size and spaced well apart. Excellent blue eyes almost round but not bold. Long, well boned body and of good substance for his age. Thick- set limbs and strong paws. Bushy tale and in proportion to the body. Coat groomed to perfection, Silken in texture. Full ruff around the neck, slightly curled stomach. The mask, ears, tail a very good orange/red in colour, the leg colour was pale, but developing nicely. The front feet pure white symmetrical gloves in an even line across the paw, and not passing beyond the angle formed by the paw and leg, and not passing the stopper pad just behind the leg The back pure white socks, covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock. Excellent temperament, delightful to handle.

2nd Brigliadori & Robson SHWECHINTHE FLAPJACK (13C7) M 26/4/08 Cream Point.
A very Friendly male, 6 months old. Skull, strong, broad and rounded. Nose, medium in length with slight dip in profile. Cheeks full and round tapering to a well developed muzzle. Pink nose leather. Ears medium in size and spaced well apart. Very good blue expressive eyes almost round but not bold. Long, well-boned body, and of good substance for his age. Thick-set limbs and strong paws. Tail bushy, in proportion to the body. Very good coat groomed to perfection, slightly short in length. The ruff is fairly full around the neck, slightly curled stomach. Eyes bright, Very good cream to all his points, to compliment his off-white body, with a faint golden hue. The front white gloves are covered in an even line across the paw. The pure white socks, covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock.
Lovely temperament and just loved to be cuddled.

3rd Davies CARRISMOON JACKFLASH (13C5) M 23/4/08 Red Point
A strong male red point 6months 1 week old not at all happy today. But we managed to judge him with care. Skull strong broad and rounded, cheeks full and round tapering to a strong, developed muzzle, nose medium in length with slight dip in profile. Nose leather pink. Ears stand slightly high and spaced well apart. Blue eyes almost round but not bold. Long body well boned and of excellent substance for his age. Legs of medium length and thick-set, paws short and strong. Bushy tail and proportion to the body. Excellent grooming to his coat, soft and silky to touch. full ruff around his neck slightly curled on stomach. The ears and tail are a good colour of orange/red. But his mask was brindled today and the legs very pale at the moment. Front white gloves in an even line across the paw and not passing beyond the angle by the paw and leg, and not passing the stopper pad just behind the leg. Back paws white covering the entire paw and gauntlets even tapering up the back of the leg to finish just below the point of the hock. It was such a pity this young male was unhappy, as he is a lovely boy. He just preferred to stay in his pen.

RED OR CREAM POINT BIRMAN KITTEN FEMALE

1st BOB Brigliadori & Robson SHWECHINTHE AURORA (13C7)F Cream Point
A Beautiful Cream kitten of 6 months old, of good Birman type. Skull strong, broad and rounded. Nose medium in length with slight dip in profile. Nose leather pink, Cheeks full and round tapering to a strong, developed muzzle. Level bite. Ears medium in size and spaced well apart, Expressive blue eyes almost round but not bold. Long, body well-boned, and of good substance for her age. Thick-set limbs and strong paws. Excellent grooming to her long coat silken in texture Ruff developing around her neck slightly curled on stomach and lovely bushy tail. and proportion to the body. Very good cream points complimenting her body off-white with faint golden hue. The front white gloves symmetrical ending in an even line across the paw and not passing beyond the angle formed by the paw and leg. And not passing the stopper pad just behind the leg. The pure white socks, covering the entire paw, and gauntlets even tapering up the back of the leg to finish just below the point of the hock.
Excellent Temperament and worthy of her win out of 7 kittens. I spoke to her owner at the end of the day, who told me she had won over her brother who was in another class. So I hope I picked the correct kitten for her !!

2nd Arnold's CARRISMOON JASMINE (13C5) F 23/4/08 Red Point
Very sweet kitten just over 6 months old, just wanted to play whilst being judged. Skull strong, broad and rounded, nose leather pink. Cheeks, full and round tapering to a strong muzzle. Nose, medium in length with slight dip profile. Ears, medium in size, and spaced well apart. Pale blue eyes, almost round but not bold. I would have preferred a better eye colour. Long, body well boned, and of good substance for age. Legs of medium length and thick-set, paws short and strong. Tail, bushy and proportion to the body. Very good coat texture soft and silky to touch. Ruff developing around the neck slightly curled on stomach, eyes bright

temperament good. Orange /red points to the mask, tail and ears, but her legs are rather pale at the moment. The body is also very pale at the moment, can only see a hint of golden hue developing. Front feet white, low even across the paw with the right front foot lower than the left front foot. The back white socks covering the entire paw and gauntlets even tapering up the back of the leg to finish just below the point of the hock. Lovely to handle, and enjoyed her games.

TABBY POINT BIRMAN KITTEN MALE.

1st & BOB Butler's SNOWSHADOW BLUE LAGOON (13c12) M 8/5/08 Blue Tabby Point. A lovely strong Blue Tabby point kitten 5 months 3 weeks old of good Birman Type. Just interested in every movement, made before he came out to be judged. Skull strong, broad and rounded. Clearly defined 'M' on his forehead. Nose medium in length with slight dip in profile. Nose leather pinkish to tone with the points. Cheeks full and round tapering to a strong, well developed muzzle. Level bite. Expressive blue eyes with light coloured spectacle markings round the eyes. With spotted whisker pads. Ears, clear thumb marks, medium in size and spaced well apart. Long, body well boned and of good substance for age. Thick-set limbs, paws short and strong. Beautiful long coat groomed to perfection with full ruff around the neck, slight curled on stomach, Bushy tail and proportion to the body stunning eyes and excellent temperament. All points blue on a beige agouti background. Compliments his body of bluish white. The leg markings are clearly defined for the age of the kitten.

He has pure white symmetrical gloves ending in an even line across the paw and not passing beyond the angle formed by the paw and leg, and not passing the stopper pad just behind the leg. White socks covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock.

Superb boy, Lovely to handle and just enjoyed his attention. I placed him 1st and B.O.B and was pleased to hear at the end of the day he got the award of being the Best in show kitten, Congratulations to his owner and to His Breeder. Who I understand is new in the show world.

2nd Mott's CAMULODUNUM JANDOUGLEN BEN (13C12) M 12/6/08 Blue Tabby Point. A strong Blue Tabby boy just 20 weeks old of good Birman Type. He is a very big boy for his age. Skull strong, broad head and rounded. Clearly defined 'M' on his forehead. Nose medium in length with slight dip in profile. Cheeks full and round tapering to a strong muzzle. Nose leather, pinkish to tone with the points. Good blue eyes with light coloured spectacle markings round the eyes with spotted whisker pads. Level bite. Ears medium in size and spaced well apart. Long, body well boned and of good substance for age. Thick-set limbs medium length paws short and strong. Bushy tail and proportion to the body. Coat medium length soft and silky full ruff around the neck, slightly curled on stomach. Very good grooming. All his points are blue markings on a light agouti background. Front white gloves symmetrical ending in an even line across the paw and not passing beyond the angle formed by the paw and leg, and not passing the stopper pad just behind the leg. The pure white socks covering the entire paw, and gauntlets tapering up the back of the leg to finish just below the point of the hock.

Very laid back kitten. Excellent temperament.

3rd Francis NORVIN ROYAL PRIDE (13c12) m 7/6/08 Blue Tabby Point.

A very happy Blue Tabby Point boy just 21 weeks old. Purred, as soon as he was picked up. Skull strong, broad and rounded a clearly defined 'M' on his forehead. Nose medium in length with slight dip in profile. Cheeks full and round tapering to a strong developed muzzle. Level bite. Eyes deep blue almost round but not bold. with Light coloured spectacle markings round the eyes with spotted whisker pads. Ears solid, with no strips, medium in size and spaced well apart. Body medium length well boned and of good substance for age. Legs of medium length and thick-set, paws short and strong. Bushy tail and proportion to the body.

Good colour contrast evident to all his points The tail has a solid coloured tip. The nose leather pinkish, outlined in pigment. with the points. Excellent grooming to his coat, soft and silky to touch His ruff is developing round his neck slightly curled on stomach The front white gloves are slightly uneven across the paw with the left glove to finish lower to dip on the toe. The back white socks covering the entire paw, and gauntlets tapering up the back of the leg to finish short. And not just below the point of the hock.

Very friendly, lovely temperament.

4th Francis NORVIN CROWN JEWELS (13c12) M 7/6/08 Blue Tabby Point.

Another happy Blue Tabby Point boy, obviously a litter brother, 21 weeks old. Skull strong, broad and rounded with a clearly defined 'M' on his forehead Nose medium in length with slight dip in profile. Cheeks full and round with a strong muzzle, level bite deep blue eyes almost round but not bold with light coloured spectacle markings round the eyes with spotted whisker pads. Ears medium in size and spaced well apart. Body medium length well boned and of good substance for age. Thick set limbs and strong paws. Tail bushy, and proportion to the body. Coat medium length, groomed to perfection ruff developing around the neck, slightly curled on stomach. Good colour evident to all his points blue markings on a light beige agouti background. The rings and broken strips are evident, but the tail has a solid coloured tip. The front white gloves are uneven across the paw, but this time the right glove is lower than the left glove. The back white socks covering the entire paw, and gauntlets up the back of the leg to finish short, not just below the point of the hock.

Lovely temperament, and loved a cuddle. I suppose they could be twins !!

TABBY OR TORTIE TABBY POINT BIRMAN KITTEN FEMALE.

1st Methven LADYPAWS WHIRLYGIG (13C11)F 9/6/08 Seal Tabby Point.

A Seal Tabby Point Birman kitten just 20 weeks old, with a long body, well boned and of good substance for his age. Broad rounded skull, neat medium seal brown ears set well apart thumb prints not evident at the moment. Correct slight dip to profile. 'M' marking on the forehead. Cheeks full and round tapering to a well developed muzzle. Level bite Expressive deep blue eyes with light coloured spectacle markings round the eyes with spotted whisker pads. The nose leather was dark this did not show any pinkish colour at all. Thick, set limbs and strong paws. Bushy, tail and proportion to the body. Coat long groomed to perfection soft and silky in texture. Medium ruff around the neck, slightly curled on stomach. The mask, ears, legs and tail are good seal brown markings on a pale brown agouti background. Front white gloves are low and slightly uneven across the paw. The right front paw is higher than the left front paw. The back white socks covering the entire paw and gauntlets uneven tapering up the back of the leg to finish just below the point of the hock.

Lovely Temperament, Very alert.

2nd Francis NORVIN STARCHASER (13C12) F 7/6/08 Blue Tabby Point.

A very sweet Blue Tabby Point female just 21 weeks old. With strong, broad, head and rounded. 'M' marking on the forehead. Nose medium in length, with slight dip in profile. Cheeks, full and round tapering to a developed muzzle. level bite. Ears medium in size and spaced well apart. Very good blue eyes with light coloured spectacle markings round the eyes with spotted whisker pads. Long body, strong boned and of good substance for age. Coat medium length groomed to give a lovely soft and silky texture. Medium ruff around the neck, slightly curled on stomach, Bushy tail and proportion to the body. All the points blue markings on a light beige agouti background. The varied stripes and rings are pale at the

moment but evident and attractive. The tail has a solid coloured tip.
The front white gloves uneven across the paws also low, and the Back white socks covering the entire paw, Gauntlets short and narrow tapering up the back of the leg to a thin line.
Lovely Temperament, very attractive female.

THE BIRMAN CAT CLUB SHOW 1st November 2008 Probationer Judge Mrs J V Green
THE TWENTY FIFTH CHAMPIONSHIP SHOW

TABBY OR TORTIE TABBY POINT BIRMAN KITTEN FEMALE.

1st Mott's JANDOUGLEN SEILEACH (13C13)F 14/3/08 Chocolate Tabby Point.

A beautiful Chocolate Tabby female 7 months 2 weeks. Just full of herself today, she was ready to come out as soon as we opened her pen. Strong broad skull and rounded. Nose medium in length with slight dip in profile. Cheeks full and round tapering to a strong well developed muzzle. Level bite. Nose leather pinkish to tone with points. Clearly defined 'M' marking on the forehead is clearly defined. Ears medium in size and spaced well apart. Very expressive deep blue eyes almost round but not bold, with light spectacle markings round the eyes with spotted whisker pads. Body well boned and of good substance. Thick set limbs. Paws short and strong. Tail bushy, and proportion to the body Coat soft and silky to touch, full ruff around her neck, slightly curled on stomach. All points clearly defined milk chocolate markings on a light bronze agouti background showing off her ivory body The front white paws matching in an even line across the paw, with the right front paw has a slight flick going up the outside of the glove but does not go pass the dew claw at the back of the foot. The back white socks cover the entire paw and gauntlets match tapering up the back of the leg to finish just below the point of the hock.

Excellent Temperament, Eyes very alert and enjoyed our company.

2nd Plant's MIDDLEMAY TALLULAH (13C12) 21/3/08 Blue Tabby Point Birman

A sweet Blue Tabby Kitten just 7 months 1 week old, Skull medium width and rounded Nose medium with a slight dip in profile. Cheeks full and round, and tapering to a strong muzzle. Level bite. Clearly defined 'M' marking on the forehead, Ears medium in size and spaced well apart. Blue eyes almost round but not bold. Lightly spectacle markings round the eyes with spotted whisker pads.
Long body, medium boned and of good substance for the size of the kitten. Legs of medium length and thick set, paws short and strong. Thick set limbs medium length paws short and strong. Bushy tail and in proportion to the body. Very good grooming to give a silky texture to her coat. Medium ruff around the neck, slightly curled on stomach. Very pretty blue markings on a light beige agouti background showing off her beautiful ivory body. The front feet pure white, ending in an even line across the paw, and not passing the stopper pad behind the leg,

Back socks covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock.

Excellent Temperament. And very friendly.

BLUE POINT ADULT (Over 2yrs)MALE BIRMAN CAT CLUB

1st Sandford's GR CH PATWICK PUDSEY (13c2) 13/12/01 Blue Point

Substantial Blue point Birman male 6years 10 months, of good Birman type, skull strong broad and rounded, Cheeks full and round tapering to a strong muzzle. Level bite Nose medium length with slight dip in profile. Nose leather slate-grey. Blue eyes almost round and not bold Long body well-boned good weight. Thick set limbs, paws short and strong. Coat groomed to give a good soft texture full ruff around the neck, slightly curled stomach. His Tail was not bushy today which let him down. All points blue-grey the mask covers the entire face including whisker pads and connected to the ears which complimented his body bluish white with just a bit shady on his neck. Front white feet in an even line across the paw and the back white socks covering the entire paw and gauntlets tapering up the back of the leg to finish just below the hock. Lovely boy, We did not have any problems with him today, although his owner thought he was a little un-happy, I hope his tail improves in the future.

BLUE POINT ADULT (Over 2yrs) FEMALE BIRMAN CAT CLUB

1st Maddens CH FELONIE WILD ORCHARD (13C2) 10/5/03 Blue Point.

A very impressive, Blue Point Female 5 years 5 months old of good Birman type. Skull strong, broad and rounded Cheeks full and round tapering to strong developed muzzle. Level bite. Nose medium in length, with slight dip in profile. Nose leather, slate blue. Ears, medium in size and spaced well apart. Expressive blue eyes almost round, but not bold. Long body, well boned, and excellent substance. Thick set limbs, and Paws short and strong. Bushy tail, and in proportion to the body. Coat long, soft and silky texture, full ruff around the neck, slightly curled on stomach. All her points blue-grey complimenting her body being bluish white with just a slight shading on the top of her coat, but clear to the roots. The mask covers the entire face including whisker pads and is connected to the ears by tracings. The front white gloves in an even line across the paw, not passing beyond the angle formed by the paw and leg, and not passing the stopper pad just behind the leg. The pure white socks, covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock. Excellent temperament. It was a pleasure to judge this lovely female again.

2nd Ensor's GR CH KITTAH THALIA (13C2)4/7/05 Blue Point

A very attractive Blue Point female, 3years 3months old. Skull strong, broad and rounded. Ears medium in size, and spaced well apart. Nose medium in length with slight dip in profile Cheeks full and round tapering to a strong, well developed muzzle. Level bite. Very good blue eyes almost round but not bold. Long body, well boned, and of good substance. Thick set limbs, paws short and strong. Excellent coat condition soft and silky texture. Full ruff around the neck, slightly curled on stomach, Bushy tail, and proportion to the body. Very alert eyes. All her points clearly defined Blue-grey showing off a lovely bluish white contrast to her body. The white front gloves low ending in an even line across the paw, and the white socks covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock. Such a gentle girl to handle. Super temperament.

SEAL POINT NEUTER (UNDER 2YRS) MALE

1st Bush's KUTAZA KAILIF (13C1) MN 28/1/08 Seal Point

A very strong seal Point Boy, just nine months old. Skull strong broad and rounded Dark seal brown nose medium in length with slight dip in profile. Cheeks full and round tapering to a well developed muzzle, Level Bite. Ears medium in size and spaced well apart. Deep blue eyes almost round but not bold. Long body well boned and of good substance for age. Legs of medium length and thick-set. Paws short and strong. Bushy tail and proportion to the body. Coat medium length silky in texture, with full ruff around the neck. Slightly curled stomach, Eyes bright, all points dark brown, to contrast his clear pale beige body with a slightly golden hue which is developing nicely. Front white gloves low but even across the paw. The back white socks and gauntlets even tapering up the back of the leg to finish very low, And not to the point of the hock.

Lovely to handle, very good temperament.

AC MAIDEN ADULT MALE & FEMALE

1st Methven's LADYPAWS CARUSO (13c3) M 9/1/2008

A strong Chocolate Point Birman boy just over 9months old. Skull strong broad and rounded. Cheeks full and round tapering to a strong developed muzzle. Nose medium in length with slight dip in profile. Level bite. Chocolate nose leather. Deep blue eyes, almost round but not bold. Long body well boned and of good substance for his age. Limbs thick-set paws short and strong. Coat groomed to perfection to give a soft silky texture. Full ruff around the neck slightly curled stomach, Bushy tail and proportion to his body. All his points milk chocolate which complimented his ivory body. Low white front gloves ending in an even line across the paw, with the right front glove slightly lower than the left. The back pure white socks covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock. Lovely Temperament, He enjoyed his cuddle.

2nd Bailey's NICADAEMUS ROMANY MAGIC (13C2)M19/01.08 Blue Point

A substantial blue boy of just over nine months, skull strong broad and rounded, slate-grey nose leather medium in length with a slight dip in profile. Cheeks full and round tapering to a strong developed muzzle. Ears medium in size and spaced well apart. Good blue eye colour almost round but not bold. Long body well boned and of good substance for age. Legs of medium length and thick-set, paws short and strong. Bushy tail proportion to the body. Coat groomed to give a soft silky texture. Full ruff around the neck, slightly curled on the stomach. Very good blue-grey colour to all his points, which complimented his bluish white body. Front paws a bit low ending in a line across the paw. The back white socks covering the entire paw, gauntlets, even tapering up the back of the leg to finish just below the point of the hock. He was a bit unhappy today, but we managed to get a purr out of him eventually.

3rd Tayler's MARIKEL LILAC LIL (13C4)F8/10/07 Lilac Point.

Just 1year 3 weeks old, very sweet Lilac point female, Skull strong broad and rounded Nose medium in length with light dip in profile Cheeks full and round tapering to a strong, developed muzzle. Ears medium in size and spaced well apart. Blue eyes almost round but not bold. Long body well boned and of good substance for her age Tail bushy in proportion to the body. Thickset limbs medium length, paws short and strong. Coat soft and silky texture, ruff around the neck is short. Slightly curled stomach all points pinkish-grey with a lot of brindle on the mask and tail. The front white gloves are low in an even line across the paw, the back white socks covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock. Excellent temperament.

4th Blewitt's PAZAJEM GLO-AMBER (13C7)F 6/5/2007 Cream Point

An attractive cream pint female 18months old. Skull strong broad and rounded, Cheeks a bit shallow, needs to fill out to balance her head. Nose, medium in length with a slight dip in profile Nose leather pink Ears medium in size and spaced well apart. Good blue eye colour. almost round but not bold. Long body well boned and of good substance. Thick set limbs of medium length, paws short and strong. Bushy tail, in proportion to the body. Good grooming to her coat giving a soft silky texture, Medium ruff around the neck slightly curled stomach. All her points cream to compliment the body off white with a faint golden hue
Front white feet low in an even line across the paw with the white travelling up the back of the front foot but not past the dew claw. Back white socks covering the entire paw and gauntlets even tapering up the back of the leg to finish just below the point of the hock. Very gentle female and happy to be judged.

AC SENIOR ADULT, FEMALE.

1ST Wormald I.GR CH DANELEIGH STARBURST (13C6) F 25/04/04 Seal Torti Point.

Torti Point Birman female, of good Birman Type. 4years 6months old. Skull strong, broad and rounded, Nose leather seal brown and small trace of pink. Nose medium in length with slight dip in profile. Cheeks, full and round tapering to a strong muzzle. With level bite. ears medium in size and spaced well apart. Impressive blue eyes almost round but not bold. Long strong body well boned and of good substance. Legs medium length and thick-set. Paws short and strong. Excellent coat condition silky in texture, Full ruff around the neck, slightly curled stomach, and Bushy tail in proportion to the body. All points seal brown intermingled with shades of light and dark red. Body fawn shading unevenly to warm brown and pale red on back and sides.

Front white gloves ending in an even line across the paw, at the back of the front feet the intermingled colours were clear. The back white socks covering the paw and gauntlets tapering up the back to finish just below the point of the hock.

Lovely laid back female

2nd Brown's GR CH MLYWARD MILLICENT MARTIN (13c14) F 13/4/04 Lilac Tabby Point.

A very attractive Lilac Tabby point Birman, just over four and a half yrs old. Skull strong broad and rounded, Cheeks full and round tapering to a strong developed muzzle, level bite. Nose, medium length with slight dip in profile. Good width between the ears. deep blue eyes almost round but not bold. Level bite. Body long well boned and of good substance, thick set limbs medium length paws short and strong. Bushy tail proportion to the body, Coat long, soft and silky to touch, medium ruff around the neck, slightly curled stomach, eyes bright and Temperament good. Super lilac markings on a pale agouti background to all her points showing off the magnolia body. Front white gloves ending in an even line across the paw with the right paw sloping up the side of the paw, but not go past the dew claw.

Back white socks covering the entire paw and gauntlets tapering up the back of the leg, with the right gauntlet finish just below the point of the hock and the left gauntlet stopped short.

Lovely temperament and laid back.

3rd Bailey's CH ESAYA NICADAEMUSRUBY (13C5) 14/8/06 Red Point

This Red Point female is just over 2years old, long, large well boned body and of good substance for her age. Skull strong, broad and rounded, Nose medium in length with slight dip in profile cheeks full and round tapering to a strong developed muzzle Nose leather pink. Neat set ears with good width between them. Blue eyes almost round but not bold. Thick set limbs medium length paws short and strong. Bushy tail and proportion to the body. Very good coat, silky texture, full ruff around her neck slightly curled stomach, The mask ears legs and tail a good orange/red, which compliments her body that is pale cream with a slight golden hue.

Front white gloves low in an even line across the paw, so does not go past the stopper pad just behind the leg.. The back white socks covering the entire paw , with right gauntlet passes the point of the hock with the left gauntlet tapering up the back of the leg to finish just below the point of the hock.

Lovely Temperament.

SEAL OR BLUE POINT (6-9months) KITTEN FEMALE.

1ST Bennett & Norfor PICMIX MARIEBELLE (13c1) F15/4/08 Seal Point.

Very sweet seal point Birman kitten 6months 2 weeks. Skull strong, slightly narrow and round. Nose medium in length with slight dip in profile. Cheeks a bit shallow needs to fill out at the moment, her chin a little weak, Ears medium in size and spaced well apart Good blue eyes, almost round but not bold. Her head looks a little out of balance at the moment. So time is on her side being so young. Long body well boned and of substantial weight for her age. Thick set limbs of medium length, paws short and strong. Bushy tail and proportion to the body. Very good grooming to the coat, silken in texture. The ruff around the neck is evident. Slightly curled stomach. The ears legs are dark brown, and the mask and tail is showing some brindle at the moment. The front white gloves even across the paw with the left front glove the white travels up the side of the foot, and almost to the dew claw but not past the dew claw. The back white socks covering the entire paw and gauntlets tapering up the back of the leg to finish just below the point of the hock.

Lovely Temperament, and laid back.

2nd Davies DUBROVA RHIANNA (13c1) F 14/2/08

A very attentive seal point female just 8months 2 weeks old. But with regret she was very unhappy and my Steward and I could not get her out of the pen. I judged her within the pen, Skull strong, broad and rounded, Nose medium in length with slight dip in profile Cheeks full and round tapering down to a developed muzzle. Eyes very good blue almost round but not bold. Body long well boned and looked substantial for age. This young female would not allow us to feel her weight, which was such a pity because she just would not come out for us today. I did manage to check her tail quickly so in proportion to the body. Her coat was soft and the texture felt lovely, regarding her feet markings she absolutely refused to let us view them. The colour of the points was very good dark brown, The body clear pale beige with a slightly golden hue. Maybe the cold in the hall affected her, because the heating did not work. Something must have upset this young Birman, because I would have loved to have got her out to give her a hug, because she is a beautiful kitten, and maybe next time she will be happy. Lovely seal point Birman Kitten.

AC VISITORS KITTEN MALE.

1ST Dear & Cooper PICMIX VELVET AZURE (13c2) M Blue Point

What a confident young male Birman, 6months 2weeks old, Just loved all the attention in coming out of his pen. Skull strong, broad and rounded. Nose, medium in length with slight dip in profile. Slate grey nose leather. Cheeks full, and round tapering to a strong muzzle. Level bite. Ears medium in size and spaced well apart. Super eye colour deep blue. Almost round but not bold. Long body well-boned and of good substance for age, thick set limbs medium length paws short and strong. Coat texture soft and prepared to the last hair. Bushy tail and proportion to the body, ruff fairly full around the neck. Slightly curled on stomach All the points blue-grey to compliment his bluish-white tone to his body. Pure white front gloves, symmetrical ending in an even line across the paw and not passing beyond the angle formed by the paw and leg, and not passing the stopper pad behind the leg. The white socks covering the entire paw, and gauntlets tapering up the back of the leg to finish just below the point of the hock.

Super boy to judge.

2nd Bush's KUTAZA KITO (13c2) MN 21/2/2008 Blue Point.

Just 8 months 1 week old, This strong blue neuter boy just loved being handled. Skull strong, broad and rounded. Nose medium in length with slight dip in profile. Cheeks full and round tapering to a strong developed muzzle. His nose leather Blue-grey. Expressive blue eyes almost round but not bold. Body long, well boned and of good substance for age. Thick-set limbs medium length, paws short and strong. Very good coat, long silken in texture, almost a full ruff around the neck, slightly curled stomach. Bushy tail and proportion of the body The mask, ears, legs and tail blue grey His neat set ears have a good width between them. Front white gloves symmetrical , ending in an even line across the paw, and not passing the stopper pad just behind the leg. The back white socks covering the entire paw and gauntlets tapering up the back of the leg to finish about two inches short of the point of the hock. Super Temperament.

3rd Pearson's JASIMSAF CLARET (13c2) M 12/5/2008 Blue Point.

A friendly blue point kitten just over 5 months. Medium size head, Nose medium length with slight bump , cheeks are narrow tapering down to a narrow muzzle. His ears are neat but lack the width between the ears. Good blue eyes almost round but not bold. Medium size body, and lacks weight at the moment. I would have preferred more weight to his body and stronger boning to his limbs. Grooming to his coat very good giving a soft texture, Ruff around his neck is evident, all his points very pale blue at the moment the body lacks the bluish white tone. Front white gloves low in an even line across the paw. The white socks are low with the gauntlets tapering up the back of the leg to finish over two inches below the point of the hock. Excellent temperament.
