

Wendy McQuilkin  
Birman Cat Club show 7/11/09

Another lovely show organised by Val and Heather. There were some really beautiful cats in competition and the owners must be complemented on the standard and presentation, well done. Many thanks to Viv Lee, my good friend for looking after me and keeping my head in order, I think a couple of times I must have been having a senior moment but she sorted me out with her usual smile and pushed in the right direction.

As for the after show dinner, well what can I say? Everyone looked wonderful in red and we all had a fantastic time as always. Many thanks to Anne, Peter and everyone else who organised the evening.

#### **Blue Point Birman Neuter, Male**

Such a wonderful class of both males and females. The blue neuters always seem to be a very strong class and it was a real pleasure to see so many looking wonderful. It was a joy to judge them.
